

OPTION A: Advanced Hands-on Technical Training \$3000

Includes resort accommodations at Rancho de Los Caballeros in Wickenburg, AZ, meals and all advanced tech training fees with check-in on Monday, October 23 and check-out on Friday, October 27.

What You Can Expect from our Advanced Hands-on Technical Training

The course will center around a number of team based network deployments on the Los Caballeros property:

- **Practical Lab Exercises**
- **Mobility Deployment** - Design and deploy a mobile network to gain deeper insight and knowledge around the effects of mobile RF scenarios
- **Video Deployment** - Design and deploy a surveillance video network.
- **Static Deployment** - Design and deploy a static mesh network with the objective of consolidating and reinforcing the newly developed Mobility, Video, and Industrial networks into one large mesh.
